***Sutton Center Cemetery
4 Uxbridge Road
336 Burial Plots***

WE NEED YOUR HELP!!!!

Weather, frost heaves, biological growth and vandalism severely affects grave markers. Cemetery perpetual care includes landscaping, road maintenance and general headstone care but rarely cleaning or intensive restoring and resetting. As custodians of history, the Sutton Historical Society, Inc. has undertaken a project to tackle these issues in the over 30 cemeteries in town beginning with the Sutton Center Cemetery in the Summer 2019.

Do you have an hour, a day, or longer? Do you mind getting a little dirty? Consider helping us clean headstones, dig out headstones, and reset headstones. Don't have time? Consider a financial donation to help offset the costs of cleaning supplies, repair materials and tools for use in this project.

**BE A CUSTODIAN OF HISTORY.
HELP KEEP THE MEMORY ALIVE OF THOSE WHO TREAD BEFORE US!!!**
